Special Symposium | Special Symposium | Artificial Photosynthesis: Approach from materials and physical properties devices

[15p-CE-1~10]Artificial Photosynthesis: Approach from materials and physical properties devices

座長:内田 晴久(東海大),小栗 和也(東海大)

Tue. Sep 15, 2015 1:15 PM - 6:00 PM CE (Century Hall)

△：Young Scientist Oral Presentation Award Applied

▲：English Presentation

▼：Both Award Applied and English Presentation

4:15 PM - 4:45 PM

[15p-CE-6]Artificial photosynthesis and electrochemical CO_2 reduction using inorganic catalysts

○Satoshi Yotsuhashi[1] (1.Advanced Research Division, Panasonic Corporation)

Keywords:CO2
