[EP1-4L]Comparison of handwriting performance of paper / tablet / e-paper in various conditions including standing position.

*Kanao Fujisaki¹ (1. Tokai University (Japan))

Keywords:e-paper, tablet, paperless

Evaluations were performed in writing speed and subjective impression of handwriting task on paper, tablet, e-paper. The tasks were performed at the three conditions: (1)writing on a desk, (2)writing without desk, (3)writing in a standing position. Our results indicated advantages of e-paper especially in the standing position.
