[U-04]How JpGU will manage environment and disaster?

Convener:*Kenji Tanaka(Disaster Prevention Research Institute, Kyoto University), Yuji Sakuno(Institute of Engineering, Hiroshima University), Shintaro Goto(Department of Environmental Systems Faculty of GEO-Environmental Science Risho University), Chair:Kenji Tanaka(Disaster Prevention Research Institute, Kyoto University), Yuji Sakuno(Institute of Engineering, Hiroshima University), Shintaro Goto(Department of Environmental Systems Faculty of GEO-Environmental Science Risho University)

Wed. May 25, 2016 1:45 PM - 3:15 PM IC (2F)

Since FY2008, JpGU organized the Environment and Disaster Coping Committee and tried to cope with various environmental and hazardous issues. The 2011 Off the Pacific coast of Tohoku Earthquake clearly showed us real great damages caused by combined effect of environment and disaster. In this session, we will share our past activities related with major disasters, and will discuss how JpGU will organize the framework to enhance the real cooperation among different associations and how JpGU will cooperate with Japan Academic Network for Disaster Reduction to be established in 2016. All the presentations will be made by speakers nominated by each association.

1:45 PM - 2:00 PM
