[M-ZZ40]Geoscience Studies: historical, philosophical and STS studies

convener: Michiko Yajima (College of Humanity and Science, Nihon University), Shigeyuki Aoki (School of Computer Science and Engineering, University of Aizu), Toshihiro Yamada (東京大学大学院教育学研究科研究員, 共同), Shigeo Yoshida (Department of Earth and Planetary Sciences, Faculty of Sciences, Kyushu University)

Sun. May 20, 2018 5:15 PM - 6:30 PM Poster Hall (International Exhibition Hall7, Makuhari Messe)

Topics on history, philosophy and STS (science, technology and society) studies of geoscience will be discussed. Any related subject is welcome, such as history of mining, methodology of geoscience, sociology of natural hazards, and politics of environmental issues.

[MZZ40-P02]Geoscience Education and the Historiography of Geoscience of Katsumi Mochizuki

*Toshihiro Yamada¹ (1. Research Fellow, Graduate School of Education, University of Tokyo)

Keywords: Katsumi Mochizuki, Geoscience education, Historiography of geosciences

The geologist Katsumi Mochizuki (1905–1963) wrote some textbooks of geology and mineralogy and published an impressive history of geoscience in Japan. His pedagogical practices and the historiography will be examined.
