[O-06]The connection between earth sciences and society by Geoparks -Results and issues in the past decade-

convener:Noritaka Matsubara(Graduate School of Regional Resource Management, University of Hyogo),
Yayoi ICHIHASHI(Sado City Board of Education), Hokuto Obara(Mine秋吉台ジオパーク推進協議会, 共同),
Marekazu Ohno(Unzen Volcanic Area Geopark Promotion Office)

Sun. May 20, 2018 5:15 PM - 6:30 PM Poster Hall (International Exhibition Hall7, Makuhari Messe)

10 years have passed since the Geoparks started in Japan and it has grown as a channel for linking earth science and society. In this session, we would like to look back on our activities and discussions of the past decade, and discuss the feature of Japanese Geoparks.

[O06-P28]Geopark activities of JGN associate member -Example pf the Miyoshi city-

*Azusa Tonotani¹ (1.Board of education of Miyoshi city)

Keywords:Geopark associate member, Miyoshi city, Education

The Miyoshi city in Tokushima prefecture has placed staff in charge of the Geopark and started preparation activities since April in 2017. In May, 2017, the Miyoshi city became one of the JGN associate member.

In the past one year, we have mainly started four activities shown below;

- 1) Visiting lecture for geopark in primary schools and junior high schools
- 2) Seminars for teachers of primary schools and junior high schools
- 3) Seminars for local area people
- 4) Training for the potential Geopark guide

In this session, we will report our activities and also what we will tackle from now on.
