The number of school abolished is 6,811 from the 2002 to the 2015. Above a 1,700 school facilities are unused . We thought using method of abolished school and suggest to area. First we start a research to live as self-sufficiently in school. Food is very important to live, so we make a farmland at schoolyard. We make comparison between soil of the field and soil of the schoolyard .
