

Correspondences to society events at emergency disaster –In case of the Annual Meeting of the Geological Society of Japan -

*Matsuda Hiroki^{1,2}

1. Kumamoto University, 2. the Geological Society of Japan

We, the Geological Society of Japan, had the misfortune to be hit by emergency disasters during the Annual Meeting last two years. Consequently, we had no choice but to cancel a part of the Meeting. In this presentation, the circumstances and our treatments in those emergencies will be introduced.

Keywords: correspondence at emergency disaster, typhoon, earthquake, the Geological Society of Japan
