1. Tosashimizu Geopark promotion council

The first "Tosashimizu Geopark Guide Training Course" was held from July to October in 2016.

Sixteen residents who take all lectures in the course certified as a geo-guide.

Tosashimizu geopark promotion council continues supports includes lectures about geoscience and field study in all the geo-sites for the geo-guides after the certification.

The council will support them in multiple ways.
