[Remo]Networking Lounge (Remo)

Wed. Sep 9, 2020 9:00 AM - 1:30 PM SP

In Remo you can move between virtual tables and talk on a video call with the participants on the same table. There are tables with the names of each presentation category on the 1st floor, so that you can easily find other participants in the same field of research.

Please refer the welcome reception manual below for how to use Remo.
