[MP1-05]Sendai Framework Voluntary Commitments: An online platform where all stakeholders can showcase their work on DRR

Eric Ariel Gonzales Rocha (United Nations Office for Disaster Risk Reduction)

The Sendai Framework Voluntary Commitments (SFVC) online platform allows stakeholders to inform the public about their work on DRR. The platform is a useful tool to know who is doing what and where for the implementation of the Sendai Framework, which could foster potential collaboration among stakeholders. All stakeholders (private sector, civil society organizations, academia, media, local governments, etc.) working on DRR can submit their commitments and report on their progress and deliverables. In addition, good practices and achievements are highlighted through the online platform.
