

## Collaboration between Earth & Planetary Science and Information Science ~A trial of mutual benefit in the interdisciplinary field~

\*Hirohide Demura<sup>1</sup>

1. The University of Aizu

Earth and planetary science is interdisciplinary one. This introduces collaboration between Earth & Planetary Science and Information Science in the University of Aizu as a trial of mutual benefit in the interdisciplinary field. I hope exchanging frank opinions about the future of our JpGU.

Keywords: Earth and Planetary Science , Information Science, interdisciplinary field
